Bid Tabulations and Proposal Registers

Current Bid Tabulations

All sealed bids, when opened, are checked for signatures and bid deposits (if required) and, if accepted, the pricing information will be read and recorded as a Bid Tabulation. Copies of the Bid Tab are available for pickup after all bids have been opened and read from the Bid Bond Room. Normally, within 24 to 48 hours after a bid has been opened and read aloud, a Bid Tab is made available online.
